Dickson Public School
Opens Next Monday

The Dickson Public School opens next Monday morning, Aug. 25, at which time every pupil eligible to attend, this school should be on hand with a determination to make this the best school year in the history of the school.

The public school deserves more attention than is usually given. Parents, as a rule, regard their entire duty in this connection discharged in paying their tax and properly clothing and sending their children to school. There is no reason to fear that many look upon the school room as a nursery to relieve them of their troublesome children.

The public schools cannot accomplish the full measure of their possibilities unless the parents join with the teachers and directors in attention to pupils.

Following is the faculty for the school year: First grade—Mrs. Mary Brown. Second grade—Mrs. H. L. Peterson. Third grade—Miss Vera Miller. Fourth grade—Miss Lois Tippitt. Fifth grade—Mrs. Frank Fraser. Sixth grade—Miss Hallie Perry. Seventh grade—Miss Hattie Palmer. Eighth grade and principal—Prof. V. L. Broyles.

FOR SALE—Jersey cow and calf. See Mrs. Edith Jamison, West Dickson.

FOR SALE—One sawmill outfit. 35 horse power stationary engine on 40 horse boiler and Dalls saw rig, near Harpeth Valley Church, one mile from County bridge on Claylick road. R. J. Oakley, 9.5 White Bluff, R. 1.

Armstrong-Schell.

Friends of Miss Maude Schell and Mr. M. O. Armstrong will hear with interest of their wedding which took place on Thursday, July 31, at the home of Mr. and Mrs. J. W. England, at Napier. Miss Schell is a native Mississippian, having come to Nashville, entering Vanderbilt and finishing her training as a registered nurse with high honors. She possesses a charming personality and an unselfish, lovable disposition. Her friends are countless.

Mr. Armstrong holds a responsible position with the Nashville, Chattanooga & St. Louis railroad, having been a valued employee in their service for the past fifteen years.

After an extended wedding trip through the West Mr. and Mrs. Armstrong will be at home at 822 Fairview avenue—Nashville Tennessee.

Miss Lorena Bright chaperoned a number of young people on a hayride to the ice cream social given at the home of Mrs. Joe Nelson, near Colesburg, last Saturday evening by the class of "Good Cheer" of the local M. E. Sunday-School. The outing was immensely enjoyed by all constituting the party. The ice cream social was also a pronounced success.

Home Company Selling Oil Well Stock.

Dickson business men have announced the completion of a company which will devote its capital to the development of the oil fields in Dickson county. The Dickson Oil and Mineral Co., has acquired more than one thousand acres of oil and mineral leases near Dickson, and with a capital stock of \$60,000, will develop this acreage, drill wells, and make tests of certain favorable tracts with a view to making Dickson one of the big oil centers of the country.

The new company is a local organization, with well known Dickson business men as its officers and directors. It was organized primarily for the purpose of enabling home investors to take advantage of the rapid development of the territory in this section, up to this time has been almost exclusively by outside capital and which has not offered local business men an opportunity to make investments. Already oil has been found in paying quantities in this section, and the new company expects to lose no time about placing their stock and drilling their first well. While the Dickson business men welcome the big operators who are rushing to this section, they expect through this company to share with them in the development and keep the profits at home. The officers of the new company are as follows:

W. H. McMurry, President. John R. Baker, Vice-President. H. T. Cowan, Secretary. Depository, Citizens National Bank. Directors: G. W. Davidson, J. L. Holley, L. W. Shannon, J. R. Thomas, I. B. Bradley, Holland Arnold, Howard Brown.

Party at Treswell.

Little Miss Christine Meadows entertained with a delightful party, Monday evening at the home of her parents, Mr. and Mrs. J. A. Sheley at Treswell, in honor of her guests Misses Louise and Hazel Brown of Houston, Texas.

Various games were played. Readings by Dudley B. Miller were enjoyed. Delicious refreshments were served. Those enjoying this hospitality were Misses Valma Tidwell, Frances Schmittou, Mabel and Virginia Bishop, of Chattanooga. Anna Glenn Miller, Dorothy and Dorris Smith, Beatrice Edwards of Slayden, Hazel and Juana Smith, Margaret Lacy, Virginia Shaw, Dudley B. Miller, Frederick Miller, Louise and Hazel Brown, and Christine Meadows.

Clement-Goad.

Robert Clement and Miss Maybelle Goad stole a march on their many friends Wednesday afternoon and went to the parsonage of the Baptist Church where they were married. Rev. W. W. Woodcock performing the ceremony.

The groom is the son of Atty. J. A. Clement and is manager of the American Cafe while the bride is the pretty and accomplished daughter of Mrs. W. C. Goad, proprietress of the Hotel Halbrook.

They left on the evening train for a few days bridal tour to Louisville and other points in Kentucky.

Good Showing of Oil Reported in Petty Well

Thursday of last week an oil expert from Pittsburg, Pa., interested in the drilling for oil in this county visited their holdings on Jones Creek and uncovered their well on the Petty place and found it contained 300 feet of high-grade amber colored oil, which would test about 40 gravity.

This is the well that this company drilled to the Trenton sand at 1200 feet some weeks ago, and then shot in that sand. The well made only a small show when shot, but like all wells in the Kentucky field, when allowed to stand after being shot, shows up good.

The same company is now drilling another well on the Gilliam farm just a few miles west of the Petty well, and are down several hundred feet and report the indication good.

The Tuxbury Oil & Refining Co., who are drilling the well on the Stark farm near Cumberland Furnace, has been at a standstill the past few days, owing to the fact that they lost their bit in the well and had to send for some more fishing tools before it could be removed. These tools arrived Tuesday morning and drilling will be resumed on this well at once.

This is the well where a large quantity of gas was struck a few weeks ago at a depth of 300 feet and those interested feel confident that this well will make a good showing when they reach the Trenton sand.

Within the past few weeks several oil well experts have visited this section and gone over the field and report the indications excellent for the development of a good oil field.
